

*A Gift for  
My family*

# *Introduction*

*What our family members usually don't know is that we were way cooler than them when we were younger!*

*We invented cool.*

*This book is to help you remember just how cool you were (and still are), it will help you share your memories.*

*How would you like to be remembered?*

*What if you could be a comfort even after you're gone?*

*Maybe give people a reason to smile... or better, laugh?*

*What if you could leave behind memories that everyone could cherish?*

*What a remarkable legacy that would be.*

*Sometimes the greatest comfort, is to be wrapped securely in our memories.*

***My Last  
Wishes***

*Often, people say they 'Don't want a fuss' or 'Put me in a cardboard box', but what about the people who are left behind? What do they need? What do they want?*

*Grief is a difficult thing and a funeral, in whatever format it comes, is a huge part of the grieving process for family and friends. It is an event where people come together to remember, share stories, cry, laugh and get human to human contact in their grief. In short, a funeral is important both to commit your body and soul to the elements, and for the people you leave behind to say why you mattered and to remember you out loud.*

*Sure, there are all the official and technical things that need to be sorted but what else? Doves? Bright colours? Bagpipes? Flowers from your back garden? (Almost) anything is possible.*
